

Cirencester Car Club Ltd

Introduction to the Championship Guides

Our Club Championships Year starts on the 1st October and the 'Guides' for each Championship which appear in the following pages are designed to identify active Club membership and recognise real achievement, whether in a Motor Sport Competition or and as equally important, positive contributions to the running of the Club through organising events and marshalling.

In drawing-up the 'Guides' we have tried to balance-off the varied favourite interests we all have.

However the 'Guides' are not a compromise and the criteria for each Championship endeavours to promote the best interests of the Club and the best interests of the individual members within the Club.

Each 'Guide' tries to answer two essential questions.....

“What is each Championship Award for ? “ And

“I choose to get involved so how will my efforts and achievements be recognised?”

Reporting your Results.

1) Winter Series, Summer Series, 12 Car Navigation Rally and other Club Competitions

The organisers will send me your results direct. Additionally, I shall know who helped as marshals.

2) Corinium Economy Run and Corinium Stages Rally

For these prestigious Club events you will have signed the MSA Signing-On sheet to be insured. A copy from the Chief Marshal will give me the relevant data.

3) Motor Sport Championship, Youth Championship and Marshals' Championship, *please report using the dedicated Championship email address;*

cirenchampchatterbox@gmail.com

as outlined in each Championship 'Guide.'

My Yahoo address is for all other non-championship messages.

Needless to say ***“Please check your results regularly and use the 'chatterbox' line to raise queries.”*** There will be an appeals process for your comfort.

In closing, may I thank the Club members involved in reviewing the Championships. Your input, your views and your time spent, was much appreciated.

Cirencester Car Club has the envious reputation for having the highest ideals in Motor Sport Competition and Administration. I hope these 'Guides' to the Club Championships further support these aims.

Colin Biles. Cirencester Car Club Championship Secretary 21 October 2010
