

Cirencester Car Club

Chairman's Chat

October 2004

It has been a busy time for the club over the last few weeks with the final rounds of the club's most successful Summer Series ever run coming to a competitive end at Kemble on Sunday 10th October, details and results of the series are published later in this magazine.

The new 12 car series has also got underway with many new faces and different combinations of some of our regular pairings taking part in the first round starting from our new club venue at the Highwayman Inn Elkstone on Thursday 1st October.

The new Winter Series of Gymkhana events has also got underway at the superb new venue of Windrush Airfield near Burford by kind permission of Bill and Celia Limbrick who incidentally braved the first round of the 12 car series in their Volvo Amazon, results of this slightly different gymkhana appear later on.

The club has also visited Swindon Racing engines for an excellent tour of their facilities, a big thank you to Toby Harris for his write up of that event.

The Clubs AGM takes place on Thursday 4th November at the Highwayman Inn, this is an opportunity for you new members to come and join our committee and help us expand the motoring events that we put on, all positions are available so don't be shy! Following the AGM there will be the annual prize giving so why not come along and give our award winners a cheer!

Enjoy your motorsport

Martin Saunders
Chairman
