

April 2006 Chairman's Chat

As I sit down to write this Chairman's Chat for the April 2006 Edition of the Cirencester Car Club Magazine I am pleased and delighted to acknowledge that my time input for this Edition has been minimal. This is thanks to the efforts and enthusiasm of our new Editor Chris Roberts who has now taken over the bulk of the production of your newsletter. I would also like to thank James Goodfield for his continued submission of write ups for both Club and international events. If you would like to see your name in print, don't be shy, send your article to Chris, his email appears on the Contacts Page a little later on.

At the time of writing I am also proud to announce that the Corinium Run has a capacity entry of 85 vehicles. However, this evening I found myself undertaking a fairly major re-route to avoid a potential PR problem that could have caused us a headache on the day, and potentially spoiled a good day's sporting activity. The Corinium Run is excellent news for the Club as it firmly cements the Club's revival back to the forefront of Cotswold Motor Sport.

If you are not taking part in the event, but are available to help on the day, we would be grateful for your assistance as a Marshal on this event. Please contact me on my mobile number 07798 584713 (before 9pm please)

Also working hard behind the scenes is our new Membership Secretary, Simon Talbot and he has recently reported that we have 96 fully paid up Members for this year. I am now sure that we will easily pass the 100 Members mark, the first time for many years, another great indicator of the Club's return to a healthy position, especially as the majority of these Members are active.

I hope you will all enjoy this bumper issue of the Club Magazine and look forward to seeing you out on a Cirencester Car Club event soon.

Martin Saunders
Chairman - Cirencester Car Club
