

Chairman's Chat March 2006

Six weeks to go Corinium Run is almost full, with one or two more names to be added before we start to add names to the Reserve List. This is excellent news for the Club as from a small acorn this event has grown in just three years into something very special for the Club. There are names on the Entry List that include the hierarchy of motor sport and names aplenty of personalities and past champions of many forms of motor sport. Myself and the Organising Committee will be looking for your support on the day to help us run this event smoothly and efficiently to uphold the Club's reputation. Please volunteer to marshal if you are not already competing to Paul Leyfield or Kevin Smith.

The last round of the 12 Car Championship attracted nine entries which is an encouraging sign as the last few rounds had not received so much support. For those who did enter you were treated to an excellent event organised by James Goodfield and Kate Rowe.

Both the 12 Car Navigation Championship and the Winter Series are drawing to a close with the Champions yet to be crowned, I am sure that both these rounds of the Championship will be supported and fiercely competitive.

We are now already looking forward to the Summer Series which will take place at Kemble on tarmac, Windrush Airfield on grass and an event at the Highwayman Inn. I am sure that this Series will be supported with many of you trying to capture the crown currently held by Newsletter Editor, Chris Roberts.

Martin 'Ted' Saunders
