

## Chairman's Chat

April 2007

I would like to take this opportunity to welcome an influx of new members to the Club recently. You are most welcome and I hope that the Club will be able to provide for your motor sport needs. Some of you are already getting involved in Club events, notably Mark Holmes who has taken on joint responsibility for running the Summer Series.

Congratulations to Ben Jefferis on winning the Winter Series. On the whole this Series has proved a little less popular than those in the past, but lessons learnt are already being reflected in the forthcoming Summer Series, which has a full list of events and venues and could prove to be the most popular yet.

The 12 Car Series comes to its conclusion this Friday evening, when Ben Jefferis runs the final event, a Navigational Scatter starting and finishing at the Highwayman Inn. If you have not taken part in this type of event before, please come out and take part as every assistance will be given to new crews, who will find the format for this event very simple and easy to follow.

This year's summer series starts this Sunday (22<sup>nd</sup> April) at Kemble Airfield with a new format, which sees the traditional morning practice removed for which we hope will make a more compact and enjoyable event.

The Corinium Run is now only a week away and with entries full for more than two months, we hope the event will be as great a success as its predecessors. All the planning is now in place, but if you have missed out on an entry or would like to marshal on this event please contact Paul Leyfield, who will find you a job on the day.

Martin Saunders
