

# Chairman's Chat

## June 2007

Summer is normally a quiet time for the Club, with the just the Summer Series running to keep you all entertained, but this year your Chairman has proposed the running of a Motor Sports Weekend. The outline for this event was put to me by Mr Stuart Turner, instigator of the original idea for the Corinium Run, Stuart is an incredibly good source of innovative new ideas. This event will run over the weekend of 10-12 August in conjunction with National Motor Sports Week, which is promoted by the Motor Sports Industries Association, the Club now has their full backing for this event.

The weekend of motor sport will be a show case of all the types of events that we run here at Cirencester Car Club and has two aims, firstly to get as many of our existing members together to have a fun and sociable time enjoying motor sport, the second is to promote the club locally to attract newcomers to sample what we have to offer.

An initial meeting has already been held, but if you are interested in joining us the next meeting will take place at the Highwayman Inn on Tuesday 19 June 2007 at 8pm, where we will discuss in more detail the weekend's activities.

We will once again be holding a Navigational Training Evening, please see advert elsewhere we are also planning to run another Rally Marshal Training evening on 12 September 2007. These events are designed to be fun and also to help the Club endorse its policy of health & safety training for all members.

Martin Saunders  
Club Chairman
