

Chairman's Chat

September 2007

What a huge success the inaugural motor sports weekend turned out to be, from the events conception it could never have been envisaged to turned out so well.

This event has got to have been one of the best social occasions for many years with many of you camping at the Highwayman Inn, the post event partying lasting into the small hours each morning, not only that but it proved to be a very competitive weekend for a few of you, participating in all the events that were laid on, young and old all coming together.

Our membership has also increased by 25%; all of these new people came along and had ago, learned and enjoyed the range of events.

My thanks go to all of you who helped make this event such a success and helped me through difficult times; this event has brought the club closer together and will be bigger and better next year.

Following on from the motor sport weekend no less that fourteen drivers took part in round 5 of the summer series in an extremely wet field in Winstone where persistent rain was relentless, a new twist to this event was the reverse seeding for the last test, o/a positions calculated after test 3 were used as the starting line up for test 4, slowest going first, interesting results came form this with congratulations to Melanie Holmes finishing second behind your rejuvenated Chairman, watch out that red escort is back!

Looking ahead the Club now has details for its forthcoming 12 Car Series and the Winter Series, adverts elsewhere in this magazine, if you intend taking place in the 12 car series and need some more training then why not join our a Navigational Training Evening on Thursday 6th September, but please let me know if you are coming so that I can have enough training packs ready.

The Marshal's Training Evening is also planned for Wednesday 12th September, if you do not currently hold an MSA Marshal's Licence this is an ideal opportunity to attend and receive the appropriate training and licence.
