

Chairman's Chat

February 2008

I would like to take the opportunity to welcome the new advertisers to the Club Magazine, they are very welcome to join our existing advertising, who without their ongoing support this magazine would probably not exist. The monies raised from our generous advertisers pays for the magazine production throughout the year.

Entries for this year's Corinium Run have been flying in to the point where we should have a full complement of crews and cars by the time you read this. The route planning is well under way and the first road book is planned to be produced on Sunday 10th February, this then will give us a better idea of how the event will run. Having been round the route it is vastly different from the past three years and I am sure will appeal to all.

As the organiser of the January 12 Car I had the difficult decision to make only a couple of hours before the event was due to start, unforecast snow descending on the Cotswolds, with the lanes around the Highwayman being passable the event could have run, but the A417 had ground to a halt and traffic did not move for more than 8 hours. Therefore I had to postpone the event for a week on grounds of safety

Following on from Cirencester Car Club finishing runner up in the MSA club of the year award, we have been awarded the Association of South Western Motor Club's Club of the year award, more recognition for the hard work behind the scenes of our event organisers.

Martin Saunders
Chairman
