

Chairman's Chat

June 2008

The introduction to motor sports weekend in August is rapidly approaching us, and the organising team are currently working hard behind the scenes to ensure that we have an even better event than last year.

James Goodfield has secured the backing of Waitrose, Cirencester as a major sponsor for the event, this will allow us to expand on a few of the ideas raised after last years event, and also allow our volunteer helpers to gain free entry for the weekend. We are also looking for individual event sponsors to take on the individual events, if your interested please let me know.

More details of the weekend and our new and exciting events will be published in next months magazine but in the mean time keep the 8-10 August free.

The club now has several rally crews taking part in local and national events, this is great to see as they have gained the necessary skills here at our club, the Fat Albert stages held at Kevil in July will see none less than 5 crews taking part promoting the clubs name.

A new navigational training series is about to be announced, this will be a series of non competitive short events to develop the skills of beginner and novice crews, to enable them to take part in our 12 car navigational series later in the Autumn and Winter, details will follow soon.
