

Chairman's Chat

March 2008

Firstly this month I have to offer my apologies for taking my eye off of the club for a while, this is due to my moving to a new address in Cheltenham, although further from the Cirencester area than I would have liked it means that I can now walk to work!. Cirencester just does not offer affordable housing like that of Gloucester and Cheltenham and properties in the Villages are beyond your average Groundsmans affordable limit. My new address can be found in the contact section of this magazine.

I will also be demonstrating the Group B big wing Quattro in Mallorca with Gary Midwinter at the beginning of March hence the next Committee meeting will now take place in April.

Behind the scenes the Corinium Run Committee have everything in hand, the entry list is now full and the draft road book has been produced, this year's event should be a real classic to celebrate the fifth running of the event.

James Goodfield and his team are working hard on this years Introduction To Motor Sport Weekend, lots of new ideas are being worked on and the next meeting will be opened up to club members to recruit helpers and discuss ideas.

Martin Saunders
Chairman
