## April 2009

It's Corinium Run Time!

This Sunday see's the club's sixth running of the Corinium Run, our flag ship event this year like those before it starting a capacity entry of eighty cars ranging from a 1928 Sunbeam 16.9 to a 2008 Lotus Europa. This event always makes a great day out so if you have not ready volunteered to help out it is now time to contact our Chief Marshal Paul Leyfield, his details can be found later in this magazine.

There are a few members now competing at all levels in Special Stage Rallies, this is good to see so many of our members progressing through the ranks and learning the necessary skills to take part in these larger events, all these skills have been learnt whilst taking part in our club events be it 12 car navigational exercises or our Winter and Summer Series.

The committee will shortly be holding their first Introduction To Motor Sports Weekend organising meeting, if you have any ideas and would like to help out please come along, details of that meeting will appear in the next magazine. This event has proved extremely popular not only as a competitive weekend of motoring but also as a great social event.
