

## Chairman's Chat

February 2009

Entries for this year's Corinium Run have been coming in fast, although a little slower than in recent years I still expect to have a full entry within the next couple of weeks, so if you are thinking about taking part get your entry in quick.

The route planning is well under way and the first road book is planned to be produced this Sunday 8<sup>th</sup> February, this then will give us a better idea of how the event will run.

Having been round the route it is again vastly different from the past five years and I am sure will appeal to all.

As the organiser of the January 12 Car I had the difficult decision to make for the second year running as to run the event with the inclement weather or run a table top rally on the same night, the table top won!! The February 12 car has also been forced to move on a week due to yet more bad weather, with the number of novice and beginner crews it just would not be fair to run these events when the roads are covered in snow and ice.

I would like to take the opportunity to welcome the new advertisers to the Club Magazine, they are very welcome to join our existing advertising, who without their ongoing support this magazine would probably not exist. The monies raised from our generous advertisers pays for the magazine production throughout the year.

Martin Saunders  
Chairman
