

Chairman's Chat

September 2009

Firstly this month the Introduction to Motor Sports Weekend was another huge success, a slightly easier format with less events running helped the small core of organisers to run a competitive but fun weekend, with slightly less hassle of having to run the peripheral events that we have had in the past. A handful of new members also enjoyed the weekend with most having a go at all the events.

The fancy dress and quiz evening was also well attended with a big increase in those dressing up for the Evening, a baptism of fire for the new landlord at the Highwayman Inn, Welcome Mark and Family.

The final round of the Summer Series is about to take place as well as is the start of the 09/10 12 Car Navigational Series of events, all the events are advertised in this magazine along with a host of social events to attend.

I have had a busy motor sport season myself taking part in many events in the RS as well as Co-Driving for Jeremy Wells in numerous events, unfortunately this has taken a small toll on CCC matters as I juggle all my commitments, I hope that this has not detracted from any members fun. I have also been experiencing problems with my internet connection so my apologies if you have been waiting for replies to emails at times.

Martin "Ted" Saunders
